

Meeting 4

Team member: Xin Shen Uid:u6498962

Team member: Shaocong Uid:u6499863

Time: 2020.5.29

Method: ZOOM

Duration: 1 hours

Meeting content:

1. Check file.

Open the file and run the app. Try the designed default and advanced functions one by one manually.

2. Check the testing section.

In the running test part, all of our tests basically cover most of all the methods and meet the task.

3. Check all documents.

We checked and included the following:

Git commit history (at least 2 months),

the GitLab wiki using markdown for documentation

team structure and roles

an app summary with screenshots

a design summary page

a testing summary page

team meeting minutes (at least 3)

4. Signature.

Sign the statement of originality.

Future plans:

There are no new tasks.

Congratulations on the completion.
